

THE ALIVE LIVESTOCK PORTFOLIO

APPLICATION IMPROVEMENT AND UPDATE

I. PRESENTATION

II. CONSULTANCY ACTION PLAN

III. APPLICATION ANOMALIES

IV. LOOK AT DATABASE IMPROVEMENT

PART I: PRESENTATION

Objectives of the Portfolio

- To take stock of donor interventions in Africa on livestock development;
- To establish a comprehensive database on livestock interventions in Africa;
- To identify, as necessary, areas of redundancy/duplications or conversely, gaps.

Projects covered

- Completed projects (those closed since 2000),
On-going projects and Pipeline projects;
- Projects which cover individual countries, multiple countries, RECS and All of SSA;
- Projects that deal with any of three livestock areas of intervention (animal health, animal production and processing/marketing of animal-related products).

PART II: CONSULTANCY ACTION PLAN
